It is still unclear how many children were raped or murdered by Albert Fish, also known as the Gray Man, the Werewolf of Wysteria, the Brooklyn Vampire, and The Boogeyman. He claimed to be responsible for at least 100 such crimes, but many of the details remain unproven. But the indisputable elements of his story are grisly and disturbing, and the story of his eventual capture a fascinating one.

The Murder Files is a series of individual titles, giving condensed accounts of some of the most appalling and notorious killers of all time.
