## **Disruptive: Rewriting the rules of physics** Steven B Bryant

Once in a lifetime we might witness a scientific event so rare and revolutionary that it changes our lives forever. Imagine awakening on the day in history when we learned that the Earth is round, not flat; or awakening on the day we learned that the planets orbit the Sun, not the Earth. Now, imagine awakening tomorrow to learn that Einstein's theory of relativity is wrong!

Demonstrating that Einstein's theory is wrong is a tall order. Undaunted, author Steven B. Bryant doesn't simply prove relativity wrong, he shows that relativity theory was never correct in the first place. Unencumbered by relativity, Bryant introduces Modern Mechanics, his new unified theory that is easy to understand and more accurate than Einstein's theory of relativity. In **Disruptive**, you'll learn:

- Where Einstein makes several mistakes that invalidate relativity theory and why these mistakes were not previously found.
- Why Modern Mechanics is a unified model that is more accurate than relativity theory.
- How Einstein's theory can be wrong and still provide useful – but no longer the most accurate – answers.
- How Modern Mechanics is one theory that explains experiments that previously required three: classical mechanics, relativity theory, and quantum mechanics.
- How Modern Mechanics supports faster-than-light travel and communication.

**Disruptive** is a thought-provoking book that will fundamentally transform our understanding of physics, forever changing the way we view space and time.

### **From reader reviews:**

#### **Allison Price:**

Book will be written, printed, or highlighted for everything. You can know everything you want by a reserve. Book has a different type. To be sure that book is important point to bring us around the world. Alongside that you can your reading expertise was fluently. A reserve Disruptive: Rewriting the rules of physics will make you to always be smarter. You can feel more confidence if you can know about anything. But some of you think this open or reading some sort of book make you bored. It is not make you fun. Why they may be thought like that? Have you looking for best book or suitable book with you?

#### **Linda Christopher:**

Hey guys, do you would like to finds a new book to read? May be the book with the title Disruptive: Rewriting the rules of physics suitable to you? The actual book was written by well known writer in this era. Typically the book untitled Disruptive: Rewriting the rules of physics is the main of several books this everyone read now. That book was inspired a lot of people in the world. When you read this book you will enter the new dimensions that you ever know before. The author explained their concept in the simple way, consequently all of people can easily to know the core of this publication. This book will give you a lot of information about this world now. In order to see the represented of the world in this particular book.

#### **Armando Morris:**

Spent a free time and energy to be fun activity to accomplish! A lot of people spent their spare time with their family, or all their friends. Usually they accomplishing activity like watching television, likely to beach, or picnic inside park. They actually doing same task every week. Do you feel it? Do you need to something different to fill your personal free time/ holiday? May be reading a book might be option to fill your totally free time/ holiday. The first thing that you'll ask may be what kinds of reserve that you should read. If you want to try look for book, may be the e-book untitled Disruptive: Rewriting the rules of physics can be great book to read. May be it might be best activity to you.

#### **Christopher Melendez:**

Playing with family inside a park, coming to see the water world or hanging out with pals is thing that usually you may have done when you have spare time, and then why you don't try issue that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Disruptive: Rewriting the rules of physics, you could enjoy both. It is excellent combination right, you still wish to miss it? What kind of hang type is it? Oh can occur its mind hangout fellas. What? Still don't understand it, oh come on its referred to as reading friends.
