Coaches looking for a deceptive, powerful offense that is difficult to defend will find plenty of options in 101 Single Wing Plays. The plays are divided up into chapters based on the style of the series being run. Straight power plays are found in chapter one, while all the full spinner plays are in chapter three. Because the book is divided into chapter, the coach looking for a specific type of single wing play can easily find it and others similar to it. The diagrams found in this book are drawn up versus a very common 5-3 defense. The blocking for the most part is zone or gap zone, which allows the plays to be ran against various defenses. The player assignments are easy to follow and allow the coach to implement the play directly from the book.
