STONE (A Time to Love Book 1) Mardi Maxwell

In 2230 Earth was invaded by an alien species. After years of war, the men are gone and the women are left to fight for the survival of the human race. When one of the aliens' time travel devices is discovered a task force is formed to bring some of Earth's most elite soldiers into the future.

Lieutenant Sunny Blake is ordered to travel back to 2125 and retrieve Lieutenant Jefferson W. Stone. Sunny can lead a squad of fighters and keep them alive, but she's never had to deal with a man like Stone. A man whose reputation on and off the battlefield has proceeded him into the twenty-third century.

Stone has two interests. High-risk missions and lust-filled nights of pleasure with the many ladies who pursue him. Finding himself thrust into the future, where the women know how to fight but don't know what to do with a lusty man, is the last place he'd ever want to be.
