Fast and Efficient Context-Aware Services gives a thorough explanation of the state-of-the-art in Context-Aware-Services (CAS). The authors describe all major terms and components of CAS, defining context and discussing the requirements of context-aware applications and their use in 3rd generation services. The text covers the service creation problem as well as the network technology alternatives to support these services and discusses active and programmable networks in detail. It gives an insight into the practical approach followed in the CONTEXT project, supplying concrete guidelines for building successful context-aware services.

Fast and Efficient Context-Aware Services:

- \* Provides comprehensive and in-depth information on state-of-the-art CAS technology.
- \* Proposes a system architecture for CAS creation and delivery, discussing service management and active network layers.
- \* Describes the service lifecycle functional architecture, covering service authoring, customization, invocation, and assurance.
- \* Explains system design considerations and details, system evaluation criteria, test-bed requirements, and evaluation results.

Fast and Efficient Context-Aware Services is an invaluable resource for telecommunications developers, researchers in academia and industry, advanced students in Computer Science and Electrical Engineering, telecoms operators, as well as telecommunication management and operator personnel.

**From reader reviews:**

**Roger Dupre:**

Here thing why this specific Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) are different and trustworthy to be yours. First of all reading a book is good nonetheless it depends in the content from it which is the content is as yummy as food or not. Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) giving you information deeper including different ways, you can find any publication out there but there is no guide that similar with Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems). It gives you thrill reading through journey, its open up your personal eyes about the thing which happened in the world which is possibly can be happened around you. You can bring everywhere like in playground, café, or even in your technique home by train. Should you be having difficulties in bringing the branded book maybe the form of Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) in e-book can be your substitute.

**Edna Pilon:**

The knowledge that you get from Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) could be the more deep you digging the information that hide inside the words the more you get interested in reading it. It does not mean that this book is hard to recognise but Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) giving you buzz feeling of reading. The author conveys their point in a number of way that can be understood by means of anyone who read it because the author of this book is well-known enough. This book also makes your personal vocabulary increase well. It is therefore easy to understand then can go along with you, both in printed or e-book style are available. We propose you for having this particular Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) instantly.

**Bruce Herrera:**

Are you kind of stressful person, only have 10 or maybe 15 minute in your moment to upgrading your mind expertise or thinking skill perhaps analytical thinking? Then you are experiencing problem with the book than can satisfy your short space of time to read it because this time you only find reserve that need more time to be study. Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) can be your answer because it can be read by you actually who have those short free time problems.

**Dallas Richardson:**

Beside this kind of Fast and Efficient Context-Aware Services (Wiley Series on Communications

Networking & Distributed Systems) in your phone, it might give you a way to get closer to the new knowledge or details. The information and the knowledge you may got here is fresh from your oven so don't possibly be worry if you feel like an aged people live in narrow community. It is good thing to have Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) because this book offers for your requirements readable information. Do you occasionally have book but you do not get what it's about. Oh come on, that will not end up to happen if you have this within your hand. The Enjoyable option here cannot be questionable, including treasuring beautiful island. So do you still want to miss that? Find this book in addition to read it from currently!
