BOOK #1: Potty Training In 3 Days: 10 Super Approaches To Rid of Pampers

Using the potty can be one of the biggest moments in a child's life. Unfortunately, it can also be one of the most stressful for the parents. Where do you begin? What do you need to buy? How early is too early? We want our kids to use the potty, but we don't want to mess the whole thing up. As a result, parents can end up dreading potty training more than their children.

The three day method of potty training is a proven, time-tested technique that can get your child out of diapers fast and effectively. In this handy manual, you will go step by step through the potty training process. You will see what is required for a successful potty experience, the groundwork you will have to lay ahead of time, and the different techniques used during your three day experience. You will also get ideas on positive rewards that your child will benefit from and ideas on how to stop your child from having a relapse.

Everyone wants their child to use the potty, and with this proven three step method, your child can, too. As you go through the ten tips of potty training revealed in this manual, you too will become an expert in working with your child on making sure they have their first dry day.

In the book you are going to learn the following:

- Preparing for Potty Training
- Day 1
- Day 2
- Day 3
- Benefits
- Drawbacks

BOOK #2: Potty Training In 3 Days: The Complete Potty Training Guide To Hassle Free Results In 3 Days

Ever wondered how to teach your child to use the potty? Have you ever imagined doing this for just three days? Although it sounds impossible, it is possible. Thanks to this book, your troubles are over. This book is your guide through the difficult and complicated process of potty-training. Here you will find all the information you need to start with the training.

Potty-training is one of the greatest challenges for you, as parents, and for your child. The most difficult part is to decide when to start the potty-training. There are signs that your toddler shows, but not everyone knows them or can notice them. This book teaches you how to recognize these signs and start on-time potty-training. Also, it teaches you how to organize the whole “event”. How you can prepare for it and shows you all the things you need to do, in order to be really prepared before the start of the training process.

What is even more important, this book contains a detailed three-day plan, with all the little details and steps you need to follow for successful training. Moreover, it includes the mistakes you should avoid during the process, and tips for easier and more successful potty-training.

Here is what you will learn after reading this book:

- What mistakes you do when it comes to potty training
- What are the true signs for starting 3 day potty training
- How to prepare for the potty training before you start
- Simple and yet effective 3 day potty training plan
- Tips that will help you with the potty training
