Researching Your Ancestor Using the U.S. Census (A Quick & Easy Guide for Genealogists Book 5)

Stephanie Pitcher Fishman

The census is perhaps the first record set people use once they become interested in their family history.

Federal and state census records can provide valuable information on the personal and professional lives of your ancestors. This genealogy guide will provide tips and tricks to getting the most out of your U.S. Census records. Contents go beyond the basics to provide easy to understand information on special circumstances, record losses, source citations, and more. Part of the Quick & Easy Guides for Genealogists series of genealogy guides.
