When Psychological Problems Mask Medical Disorders, Second Edition: A Guide for Psychotherapists

James Morrison MD

Widely regarded as a standard clinical resource, this book helps practitioners think outside the mental health box and recognize when a client may need a medical evaluation. Part I provides an accessible overview of symptoms that can be observed in a standard mental status examination and may point to medical illness. Engaging case vignettes and interviewing pointers help readers hone their diagnostic skills. Part II presents concise facts--including basic medical information and physical and mental symptoms--on more than 60 diseases and syndromes. An easy-to-read chart in Part III cross-tabulates all of the disorders and symptoms for quick reference and comparison.

New to This Edition

- *Reflects more than 15 years of advances in medical and mental health knowledge.
- *Updated throughout for DSM-5.
- *Additional medical disorders: celiac disease, traumatic brain injury, heavy-metal toxicity, and others.
- *Updated links to further reading on each health condition.

Jerry Gunnell:

Reading a book for being new life style in this year; every people loves to examine a book. When you study a book you can get a large amount of benefit. When you read publications, you can improve your knowledge, because book has a lot of information onto it. The information that you will get depend on what forms of book that you have read. If you would like get information about your examine, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, this sort of us novel, comics, and also soon. The When Psychological Problems Mask Medical Disorders, Second Edition: A Guide for Psychotherapists offer you a new experience in reading a book.

Thomas Major:

As a student exactly feel bored to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's internal or real their pastime. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring as well as can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this When Psychological Problems Mask Medical Disorders, Second Edition: A Guide for Psychotherapists can make you really feel more interested to read.
