## **Geography of the United States** Ted Henson

Geography of the United States consists of individual units that examine these regions of the United States: New England, the Middle Atlantic States, the Southeast, the North Central States, the South Central States, the Rocky Mountain States, the Pacific States, and Alaska and Hawaii. All teaching strategies and activities were developed around the five themes of geography. Each unit includes background information and instructions for teachers on how to use the material. Reproducible activity sheets explore in depth each of the major regions. A complete answer key is included for teacher convenience.
