**I'd Love to Argue with You\*...\*But I'm Not Exactly Sure What You Said** Sandy Untermeyer  
subtitle: How You, Yes, You, I'm Talkin' 'Bout You, Can Present Your Opinions More Effectively And!!  
Take Part in Today's Great National Debate!!!

Argument is the way we learn, as human beings. Without understanding argument, we have no way to know what we ourselves really mean, or what others are really trying to tell us.

While written primarily for those interested in arguing politics, the tips and techniques effectively presented here will take you from start to argument (if you prefer, discussion) in all your arguments (or, if you, prefer, discussions), as we cover basic writing, using the dictionary and other references, creating arguments from scratch, OpEds, Whine Lines, and Letters to the Editor.

We begin by (first) understanding what the other guy is REALLY saying, tips and discover techniques to use and watch out for, with examples of argument pitfalls and pratfalls taken from the real world, 2000 - 2008.

This book covers use of similes and metaphors, basic five-paragraph organization, using 3-9-27 and framing arguments, and presents argument problems to benefit Democrats, Republicans, or Independents.

Exercises at the end of most chapters. Written by a teacher of English (Teaching of English as a Second or Other Language) and college-level tutor in an easy-going style, you will enjoy the pleasures of reading and learning at the same time.

NOTE: This book does NOT cover theoretical or hypothetical arguments such as used in philosophy or logic or symbolic logic. This is book is ideal for ordinary human discussion. Also: due to translation errors, the (very few) diagrams may/may not show up on your Kindle properly; this is a tech issue, and we're working on it.]

### **From reader reviews:**

#### **Linda Henderson:**

Do you have favorite book? For those who have, what is your favorite's book? Reserve is very important thing for us to be aware of everything in the world. Each e-book has different aim or goal; it means that reserve has different type. Some people sense enjoy to spend their a chance to read a book. They may be reading whatever they take because their hobby is reading a book. Why not the person who don't like studying a book? Sometime, particular person feel need book whenever they found difficult problem or perhaps exercise. Well, probably you will require this I'd Love to Argue with You\*...\*But I'm Not Exactly Sure What You Said.

#### **Lorene Williamson:**

What do you concerning book? It is not important to you? Or just adding material when you want something to explain what yours problem? How about your free time? Or are you busy person? If you don't have spare time to perform others business, it is make one feel bored faster. And you have free time? What did you do? Every individual has many questions above. They need to answer that question because just their can do that will. It said that about reserve. Book is familiar on every person. Yes, it is appropriate. Because start from on jardín de infancia until university need this kind of I'd Love to Argue with You\*...\*But I'm Not Exactly Sure What You Said to read.

#### **John Fouts:**

As people who live in the modest era should be up-date about what going on or data even knowledge to make all of them keep up with the era which is always change and advance. Some of you maybe will update themselves by reading through books. It is a good choice in your case but the problems coming to you actually is you don't know which one you should start with. This I'd Love to Argue with You\*...\*But I'm Not Exactly Sure What You Said is our recommendation so you keep up with the world. Why, because book serves what you want and want in this era.

#### **Shirley Bishop:**

Guide is one of source of information. We can add our understanding from it. Not only for students but also native or citizen need book to know the update information of year to year. As we know those ebooks have many advantages. Beside all of us add our knowledge, can also bring us to around the world. Through the book I'd Love to Argue with You\*...\*But I'm Not Exactly Sure What You Said we can acquire more advantage. Don't someone to be creative people? To be creative person must like to read a book. Merely choose the best book that suited with your aim. Don't always be doubt to change your life at this time book I'd Love to Argue with You\*...\*But I'm Not Exactly Sure What You Said. You can more desirable than now.
