This story is not for the faint of heart...

Surface Stains is a story about how cruel the world really is. A young eighteen year old woman is booted from foster care the day she comes of age, only to end up alone and forgotten. She is taken advantage of by a **cruel sadist** who **uses her body for his pleasure** in exchange for a place to live. Perhaps it is Stockholm syndrome that makes her stay, or perhaps she really does feel love resonating from his **domestic discipline**. This story will linger in your mind for days and the ending will leave you in tears or absolute shock...
