## A Note For grownups

If knowledge is power, then in the case of firearms, "knowledge is safety."

Familiarity with guns for kids often helps avoid the "forbidden fruit" syndrome, which can create a safer environment. When they are an appropriate age, work with your kids to familiarize them with firearms, and always stress the importance of gun safety!

**IMPORTANT:** This book is intended to be used as a launching point of discussion with children. It is NOT intended to be a substitute for an actual firearms safety course.

Seek out a local safety course in your area, and attend with your child to demonstrate to them the importance of gun safety.

"Some people prepare because they are afraid.

Our family does not have to be afraid...

because we are prepared!"

-Prepper Pete
