Chill of the Night: Stories to be frightened by

Many things go ‘bump’ in the night. These stories are a gathering of some of the most chilling, thought-provoking and wondrous tales of fright. You’ll want to be cozy and secure when you dive into these depths, for more than just your nerve will be tested... for these are stories meant to drive your spirit to the edge of insanity, and bring you back in time for breakfast!

The secret to the chiller is the stark nature of the truth behind them. It is one thing to be afraid of what might happen. It is even scarier when you know what DID happen. These stories dance along the edge of this reality, beckoning you into a twilight world of mystery and horror.

Pulled from historical reality; drawn from human existence on the edge of personal destiny and established in the heart of a dark, scary place where possibility passes beyond reason. Each of these stories will draw you to the edge of your seat, and each page-flipping scene will suck you nearer to the edge of sanity.

Count Down - The Concise Epitaph of Humanity

Count Down will challenge you, engage you in your own explanation, your own words to explain and define what it is that drives you, how you think, what you do. It will not only cause you to question your motives, it will galvanize your convictions.

Count Dorkula, I Presume?

A short story with fast pacing and a lot of heart, Count Dorkula follows a greatly misunderstood surgeon and his new assistant as they go from just a very good team to a couple. Unfortunately for them, the jealous staff of their small hospital is not thrilled with this development especially the nurse who had thought that she would be the one to end up with the tall, dark and mysterious doctor.

After the nurse pushes too far and loses her job she sets a whole new plan in action, one that can end up being the difference between life and death unless the brilliant doctor can put the pieces together and get to his lady love's side quickly enough.

Memory Bites

A young boy hovers near death in a hospital room, his overly doting mother at his side and a calming voice that he hears in the mist of his unconscious mind. He recovers and is visited by the mystery woman. The boy goes through some major life changes including being allowed to go to school like regular kids and getting in his first fight. And, as he grows closer to his strange friend more changes keep coming.

The sickly boy grows to be a strong, handsome and successful doctor, full of unlimited promise. But, the only thing he can focus on is how he feels about the woman of his dreams. Like most young couples, they face obstacles to their happiness but how many of those other couples can include the fact that one of them is a very old, natural born vampire?
