Richard Meier, Architect - Volume 4 comprehensively documents Meier's work since the publication of the previous volume in 1999. This extensively illustrated presentation, designed by renowned graphic artist Massimo Vignelli, vividly conveys the purity and power of Meier's unique and celebrated vision. Twenty-seven residential, commercial, and civic projects in all are featured, including the two residential towers in New York overlooking the Hudson River; the Yale University History of Art and Arts Library in New Haven, Connecticut; and the Jubilee Church in Rome. The development and significance of Richard Meier's work is discussed in two essays by the distinguished architectural historians and critics Kenneth Frampton and Joseph Rykwert.
