Clement Greenberg

The Collected Essays and Criticism, Volume 1: Perceptions and Judgments, 1939-1944 Clement Greenberg

Clement Greenberg is widely recognized as the most influential and articulate champion of modernism during its American ascendancy after World War II, the period largely covered by these highly acclaimed volumes of The Collected Essays and Criticism. Volume 3: Affirmations and Refusals presents Greenberg's writings from the period between 1950 and 1956, while Volume 4: Modernism with a Vengeance gathers essays and criticism of the years 1957 to 1969. The 120 works range from little-known pieces originally appearing in Vogue and Harper's Bazaar to such celebrated essays as The Plight of Our Culture (1953), Modernist Painting (1960), and Post Painterly Abstraction (1964). Preserved in their original form, these writings allow readers to witness the development and direction of Greenberg's criticism, from his advocacy of abstract expressionism to his enthusiasm for color-field painting. With the inclusion of critical exchanges between Greenberg and F. R. Leavis, Fairfield Porter, Thomas B. Hess, Herbert Read, Max Kozloff, and Robert Goldwater, these volumes are essential sources in the ongoing debate over modern art.
