It's often said that in life everything happens all at once. New York's new First Family is about to find out the meaning of that familiar expression. Just a few months into her first term as governor, Candace Reid already has a full plate. Managing the business of the State of New York is a challenge that requires creativity, intelligence, and infinite patience. And, that isn't the greatest challenge facing Governor Reid. With three grown children, and three grandchildren underfoot, the thought of becoming parents to a toddler would have seemed preposterous less than a year earlier to Candace and her wife Jameson. Now, the pair finds themselves juggling the demands of work, the issues facing their grown children, and the needs of their four-year-old adopted son Cooper. A devastating accident in the state, hurtful allegations, the meddling of distant family members, a health scare, and competing personalities will put Candace and Jameson to the test. As the storms of life rage and pass, Candace and Jameson must endeavor to find their way forward. To succeed, they will require patience, compassion, love, and laughter—the Building Blocks for the future. Falling in love may happen in an instant, relationships and families are BY DESIGN, Building Blocks is the seventh installment in the BY DESIGN series.
