The Calculus Diaries

Jennifer Ouellette

The Calculus Diaries Jennifer Ouellette

Jennifer Ouellette never took maths in the sixth form, mostly because she - like most of us - assumed she wouldn't need it much in real life. But then the English graduate, now an award-winning science-writer, had a change of heart and decided to revisit the equations and formulas that had haunted her youth. *The Calculus Diaries* is the fun and fascinating account of a year spent confronting her numbers-phobia head on. With wit and verve, Ouellette explains how she discovered that maths could apply to everything from petrol mileages to dieting, rollercoaster rides to winning in Las Vegas.
