## **Why should you read this Baby wise Book?**

If you are pregnant, then one of the biggest problems you might face is the lack of knowledge about how to cater for, and handle the newborn baby. Basically, this problem is faced by both the parents. Your challenge starts from the day you conceive the baby. You have to look after the baby from the start of your pregnancy towards the end, and more after that. From major aspects like how and when to feed him or her, to how to construct his daily schedule of feeding, napping, and nightly sleeping, to the most trivial, yet important aspects like finger nail tendering and bathing, etc. But perhaps, the biggest problem that eludes and haunts the parents is what a parent should do when the child starts crying his or her head off and just would not calm down. So now, if you are pregnant, then the good news for you is that you can release your shakiness of handling the newborn by reading this book.
