## Visiting Pattaya?

Thinking of coming to this great city of entertainment or have you already been and it was a disaster? Just how do you make the most of your time here and **without spending a fortune or wasting time**.

- Where to stay and what to look for?
- How do the bars operate?
- How do you get around the place?

Learning how to do these and all the other things will cost you lots of valuable leisure time and I **guarantee** you will pay more than you need to!

The best way to enjoy this place is to be shown around by a friend who lives here and knows how the place works. This friend would save you lots of time and wasted days and evenings getting lost and confused.

Allow me and my book to be that friend, inside you will find all the important information you will need to make the most of your time here.

I recently read on one travel site describing this place as "*fresh and clean*". I reminded myself of this as I was reaching stage two of carbon-monoxide poisoning while walking along Second Road. Many a tourist has visited this city and been intoxicated by more than mere alcohol. Every single day can be an adventure and your evenings filled with excitement. They don't call it "*fun town*" for nothing.

Just how do you make the most of this highly entertaining City and without spending a fortune? Here we have my book that is a Pattaya guide, No not a guide to end all guides, but one that is **honest** and written by myself after spending many an evening trawling the bars and discovering how the place operates, what I like to call research.

Pattaya Escorts

Do not confuse these with the regulation **bar girls**. But where can you find them and what would you expect? And just how do the bar girls operate and the bars for that matter, **bar fine?** what's one of these then?

Ladyboys

They're all over the place and we've all heard the stories, but what if you actually do **want** to meet a

ladyboy? where would you start, and if you definitely don't want to meet one of these fascinating characters then at least you'll know where to avoid and how to spot one. I have had loads of fun with both top class Go Go girls and freelance beach girls and inside my book is how I learned to meet these great women.

If you have recently won the lottery or robbed a bank and money is not really a concern then happy days. Personally I'm a confirmed Cheap Charlie and like to stretch my budget to the max. So here my scribblings are aimed at like minded individuals who may just want a heads up on how to go about things and make the most of their time here.

So! Are you going to finally make the decision to get yourself to Pattaya? I virtually guarantee you won't regret it. Get my book and have a great time.
