You're in a career where it's considered "normal" to be broke. If you were doing anything else for a living, you'd have given up by now.

And I'm sure there are people in your life who wish you'd do just that... They want you to settle down, get a "real" job, and make music a hobby.

Screw 'em. The truth is, if you know what to do, you can make a lot of money as a musician.

This book shows you what to do. You'll learn exactly how to make money with your music -- in the club, on the Internet, and on the road.

Here's a taste of what's waiting for you...

- "The Drip Method" -- The most profitable way to release music.
- A 100-year-old marketing trick developed by a woman thought to be "too fat and ugly" for a career in music -- today it works better than ever!
- The greatest threat to your music business success (it's not piracy) and how to neutralize it.
- A songwriting secret from successful drag queens and pissed off karaoke singers so potent, it almost guarantees a great song!
- How a \$10 "kitchen appliance" will make you a better songwriter
- 4 proven "cures" for music business burnout and overwhelm
- What it takes for a musician to make \$150,000/year (with only 500 fans)
- Rules for social media. Ignore these at your own risk.
- "Superfan" Secrets - How to develop fans who buy everything you sell.
- How to sell lots of music... without being obnoxious or turning people off
- Are you a musician over 40? Why age doesn't matter anymore...
- Proven, word-for-word "scripts" and emails that get people to buy your music
- 8 ways to make money giving your music away for free
- A small change in the way you release new music that is so powerful, you will double the money you make.

And that's just for starters. There's a lot of money to be made in the music business and this book will make sure you don't miss out.

Now is your chance. If you want a successful career as a musician, this book will help you.
