Watchers Collection Caitlin Ricci, A J Marcus

The shifter community is pretty good about policing itself, but from time to time, they need a little push in the right direction. That's where the Watchers come in. Whether it's stopping a drug-dealing coyote from exposing everyone, settling a dispute between rival clans, or preventing the Russian shifter mob from getting a foothold in America, the Watchers stand guard and take matters into their own hands when necessary. For hundreds of years the Watchers have been solitary, answering to no one but themselves and having no personal ties. But times are changing and mates are suddenly on the Watchers' agenda, even if they don't want them. Come take a peek into the secret lives of the ones who keep the shifters hidden as Kenai, Lex, Yuri, Manuel, and Robert explore paths they never expected to be given and find out if they have what it takes to do their jobs and satisfy their mates in this ever-changing world.
