Deconstructing Tolkien: A Fundamental Analysis of The Lord of the Rings and The Hobbit Edward J. McFadden III, Jane Yolen

"DECONSTRUCTING TOLKIEN has something to offer just about everyone, no matter where your particular passions may lie. In this collection of essays, stories, discourses, and tributes, Ed McFadden has gathered together a wide range of topics, perspectives, and outlooks on some of the most intriguing factors concerning THE LORD OF THE RINGS. LORD OF THE RINGS is a masterpiece that can be examined and re-examined through the course of one's life. The complex narrative, written with nonlinear gambits, plot-twists, stratagems, and a fusion of secondary stories, offer themselves up to continual review and analysis." -from the introduction by Tom Piccirilli, author of Mean Sheep, The Night Class and Grave Men

This special e-book edition contains new analysis of The Hobbit not available in the print edition.

Praise for Deconstructing Tolkien: A Fundamental Analysis of The Lord of the Rings-

Nth Degree Magazine – “[DT] is one of the most approachable analyses of Tolkien that I’ve read. McFadden alternates between his own opinions on Tolkien and fiction from authors that he feels had some influence on The Lord of the Rings. I found myself disagreeing with McFadden’s points almost as often as I agreed with them but, most importantly, McFadden’s analysis always made me look deeper at a story that I thought I knew pretty well already. And isn’t that what all good analyses should do?”

YBFREE.com by Jennifer Walford. “Mcfadden’s choice of layout for this book using essays and short fiction is innovative and works quite well for the purposes of providing a rich understanding of the Tolkien phenomena. Blending essay with notable fiction, Mcfadden provides thought provoking evidence on Tolkien’s inspirations, especially from his contemporaries and friend C.S. Lewis, and the influence of writers like H.G. Wells. Even more impressive was the inclusion of a story by self-proclaimed protégé of the Tolkien school of style, Jane Yolen. This inclusion solidified McFadden’s arguments on how pervasive LOTR has been, and in light of the films, will continue to be for many generations.”
