The saga continues in this second installment of the Return of the African Diaspora series, as Kristin realizes her dreams for the "underbelly" of Black America. Through Divine intervention, the Exodus Foundation becomes the catalyst for a miraculous transformation. A hybrid society develops to blend the two cultures in the Ashanti region of Ghana, with roots cultivated in ancient healing practices, green technologies, and a liberation from SAD (standard American diet) eating habits. Kristin's personal life takes a back seat until old passions are rekindled, and a secret she kept from Winston for decades is revealed. Her worst fears are finally realized when Celeste unexpectedly confronts her with the raw truth of her past. Could love brought together by the Creator be torn apart? Exodus Village brings more of the lost history of the African Diaspora to the reader. The author draw a road map for healing old wounds as she also introduces some of the cultural traditions of Ghana, West Africa. This two-part series inspires hope for our collective future, and that the unnatural separation of a people might finally be rectified.
