Kiss Tomorrow Goodbye Imari Jade

Twenty-five year old dhampire Isabella Denning is pissed that the world did not end on December 21, 2012 as the ancient Mayan's predicted. She is tired of battling demons, fussing with her vampire father and his people and fighting off the advances of Alesandro Roma, an eight hundred year old vampire who fancies himself in love with her. As if having a contract on her head isn't bad enough, a portal has opened between the mortal world and the Underworld and unleashed unspeakable horrors on the fair city of New Orleans. Isabella might be the only person who can save the world, but at the moment she just doesn't give a damn.
