This book explores a better model than the "trait-based" and "behavior-based" theories of leadership. This "value-based" theory of leadership can trace its roots to the descriptions of godly leadership in the Old Testament.

A Christ-centered and Bible-based book, this resource encourages church professionals and lay leaders to develop servant leadership traits in order to improve the day-to-day ministry of the congregation and its ability to serve God's people. The author meshes the teaching of Scripture with the best contemporary scholarship in organization theory. The results are practical, hands-on help for leaders of congregations and Christian organizations.
