**Winner of the Oregon Book Awards H.L. Davis Prize for Fiction**

*Storm Riders* examines the conflicted love of a single father struggling to raise his adopted Native American son, who was born with fetal alcohol syndrome. When a small girl mysteriously drowns near a student-housing complex, the boy is implicated and the father wrestles with his own doubt, guilt, and responsibility.

Bringing to life the austere beauty of the Tlingit Alaskan village of the boy's family, as well as the highly educated pockets of the East Coast, Lesley vividly portrays a father and a son struggling to come to terms with each other and above all, with the truth. This novel, as *The Chicago Tribune* noted, is "a powerful tale with a strong emotional core."
