Living life whether you're growing up, already grown up, or also in the role of parenting, is certainly not a perfect science. There isn't a "one size fits all" formula to follow in order to achieve success or happiness in life, yet most of us want to achieve them. So begins this intentionally compact collection that mirrors the short conversations and simple words that can inspire our lives, from children to adults.

As love, friendship, choices, and experiences we face impact our world, they are also thought provoking in how we view the world and see ourselves in it. Refreshing like a quick hug, smile, or a pat on the back, this book offers encouragement and joy for reaching potential through life's lessons, hopes, and dreams.
