## Nightmarescape T. S. Dann

The Nightmarescape is a realm constituted of negative psychic energy. It reaches out to damaged souls through their dreams and pulls them in after death. Curse wakes up in the Nightmarescape unable to recall his former life. Both terrified and perplexed by the undead surreality of the place, he struggles to recall who he was. He befriends the maniacal Larry Spectre, who becomes an unlikely mentor. His affiliation with Larry drags him into a conflict between age-old rivals. Through the violence, Curse learns that there is a way he can return to his previous existence and see the woman he loved again. A single determined path of bloodshed follows in his wake as he searches for a device that will reconnect him to the world of the living. As he travels further along his quest—and remembers more of his story—he begins to realize that he may not want to know everything about his grim past.
